WORK EXPERIENCE

LOGOS RESEARCH SYSTEMS | FAITHLIFE CORP.
APRIL 2011 - JUNE 2017

- Pioneered a variety of digital research resources, taking projects from concept to market, collaborating with developers, and providing editorial and marketing support.
- Led a team of data analysts, developers, and editors, overseeing production, solving conceptual and practical problems, and guaranteeing each project was completed according to specifications.
- Meticulously tracked workflow to ensure projects were completed on time and on budget, securing return on investment.
